

MATCH PROGRAMME

9 – 10 November 2024
Christchurch

On behalf of World Netball, I would like to welcome you all back to Ōtautahi Christchurch for the FAST5 Netball World Series 2024.

I can't believe we have already reached the third and final edition of the FAST5 NWS hosted by Netball New Zealand.

If the last two years are anything to go by, I know you are all in for a fantastic weekend packed with fast, fiercely competitive netball – and of course lots of fun.

Over the last two years Netball New Zealand have put on a true spectacle for the world to enjoy, with over 1.2 million fans watching worldwide in 2023.

Netball New Zealand also helped World Netball make history in 2022 with the inaugural FAST5 NWS male competition taking place.

I would like to take this opportunity to thank Netball New Zealand for being such fantastic hosts over the last three years.

We once again have men's and women's teams competing here in Ōtautahi Christchurch this weekend.

In the men's competition we will see the hosts and reigning champions New Zealand take to court, against Australia and South Africa, whilst in the women's competition we will see the top six ranked teams from the World Netball World Rankings including the hosts New Zealand, last year's winners Australia as well as England, Jamaica, South Africa, and Uganda take to court.

I would like to wish all the teams competing the very best of luck, and also thank our Official Partners: Gilbert Netball, ChristchurchNZ, New Zealand Major Events and Sky.

I can't wait for the next two days of thrilling world-class action!

Let's continue Growing, Playing and Inspiring.

Dame Liz Nicholl DBE
World Netball President

Nau mai, haere mai!

Welcome to the beautiful city of Ōtautahi Christchurch. We are thrilled to be hosting the FAST5 Netball World Series once again.

FAST5 Netball is one of the most dynamic, fast-paced sports in the world so prepare to be exhilarated and entertained over the two days of game play.

We are proud to have FAST5 return to Christchurch this year. Ōtautahi is a sporting city through and through, so to be celebrating netball in this unique format is a great moment for the local community and an exciting one for all who travel here to attend.

Major events mean a lot to our city and there is good reason for that. Christchurch is a place in pursuit of balance, in all areas of life. And the way we foster balance is by ensuring there is always time for play. Of course, that means making time for exciting sporting events!

Christchurch is here to entertain you both on and off the court so I encourage you to explore our vibrant city in between whistles – there is so much to see, do, eat, drink and experience.

Ngā mihi nui
Ali Adams
ChristchurchNZ CEO

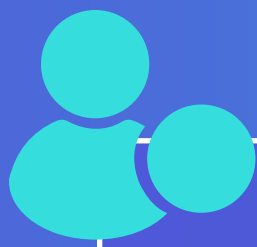

POWER PLAY

NEW

The last **2 minutes** of playing time in each quarter is designated as the '**Power Play Period**' for both teams.

During the 'Power Play Period,' only **2** and **3** goal point shots are **doubled** in value. 1 goal point shots remain **1 point** during this time.

USING POSSESSION

NEW

Once the ball has progressed out of **one third** of the court [towards the attacking team's scoring end], it **cannot** be passed **backwards into that third** again.

TIMING

All FAST5 Netball World Series Games will be short and sharp, with **four six-minute quarters**.

1 min
interval

4 min
interval

1 min
interval

CENTRE PASSES

All centre passes shall be taken by the team that **did not score the last goal**.

The coin toss at the start of the game will determine which team takes the first centre pass in each quarter.

The coin toss winner: Chooses to take the centre pass in either the 1st & 3rd quarters or 2nd & 4th quarters.

The coin toss loser: Takes the first centre pass in the quarters not chosen by the winning team.

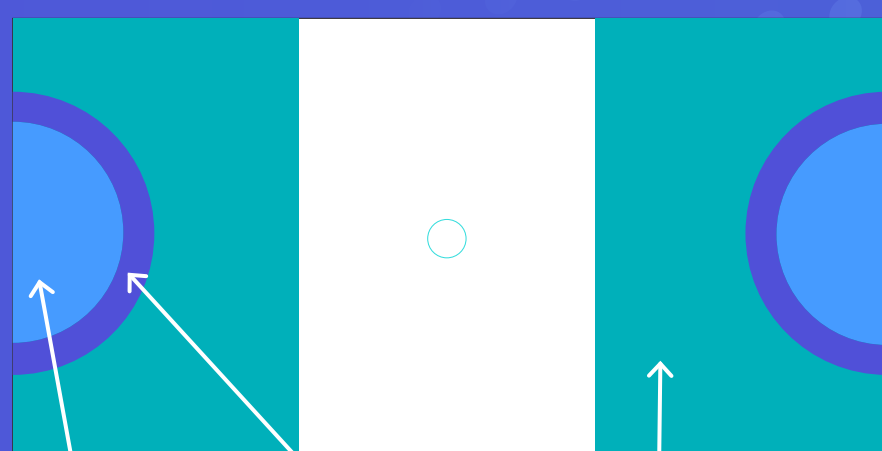

THE TEAM

In FAST5 there's only five playing positions, with two shooters (GS and GA), two defenders (GK and GD) and one midcourter (C) or 2nd & 4th quarters.

GOAL SCORING

There are 3 different scoring zones in FAST5.

1 Point

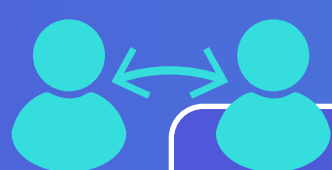

2 Points

3 Points

■ Inner circle (3.5m)
– The safe option

■ Outer circle (3.5–4.9m)
– A little more daring

■ Goal third
– The Super Shot

SUBSTITUTIONS

FAST5 includes **rolling substitutions**, which means a change can be made at any stage of the game, during breaks or during play.

There will be a designated area where subs must be made.

EXTRA TIME

If a winner is required and the scores are tied at full-time, extra time is played as follows:

- [a] Play stops and players remain on the court [no change of ends] while the captains toss for the centre pass to restart play
- [b] Play immediately recommences for a period of 1 minute
- [c] If at the end of this period one team is leading, this team is declared the winner; if the scores are tied, play continues until the next goal is scored
- [d] Power play does not apply in extra time.
